Education

Bachelor of Computer Science and Engineering

Ss. Cyril and Methodious University
2021-2025
Skopje, North Macedonia

Skills

Java	Spring Boot
C++, C, C#	PostgreSQL
Python	React
JavaScript	Firebase
Express.js	Node.js

Soft Skills

Teamwork	Time Management
Leadership	Communication
Networking	Problem-Solving
Adaptability	

Experience

Online Tutor

eCode Academy 2023 - Current

- Successfully helped students improve their grades by implementing personalized learning plans for Structural Programming, Object-oriented Programming, Algorithms and Data Structures and Operating Systems.

Software Engineer Intern

Netcetera April 2024 - June 2024

- I contributed to the development of a comprehensive learning ecosystem for a prominent client. My primary focus was on creating a centralized gallery of images that allows the client to efficiently manage and associate images with various libraries and events. This involved full-stack development using Svelte with TypeScript for the front-end and Spring Boot for the back-end.

Projects

Portfolio Website / <https://slavkosportfolio.netlify.app/>

A website version of my portfolio, developed with React.

Bookinator / www.github.com/slavcetrajkovski/bookinator

Booking Management Platform using Spring Boot, React and Postgre SQL (in-development).

Funkogram.mk / www.funkogram.mk

As my first ever project, I created an e-commerce website for Funko Pop products using HTML, CSS, JavaScript, Express.js, Node.js and Firebase.

Ecode / www.ecode-mk.cyclic.app

Simple landing page for students to explore through the subjects that I tutor and signup for them.

Chess Game in C# / www.github.com/slavcetrajkovski/ChessGameVP

Chess Game in C# for my Visual Programming Subject.

Eventor / www.github.com/slavcetrajkovski/eventor

MERN Event Management Website for my Advanced Web Design Subject (in-development).
